## TESTIMONIALS

"BRIO's staff could not have been more accommodating while attending a Pastel workshop recently. As a learning center for the visual arts I found them to be professional and among the best that I have attended in the Scottsdale area. The show 'Go Figure' was professional, extensive and most creative. Keep on painting, BRIO.

"The Mixed Media workshop provided valuable info on both materials and technique, plus a fun day in BRIO's well-appointed space. I truly enjoyed the experience, along with like-minded artists and look forward to more classes at BRIO."

"...I was delightfully surprised with a beautiful facility obviously focused on fine art instruction. The staff members that I met were friendly and went out of their way to ensure our workshop was a successful experience. I am definitely looking forward to further opportunities to grow as an artist offered through BRIO. Thank you for the opportunities you have brought to the art community!"

"My pastel class was very informative and challenging - learning to draw trees and clouds in exciting new ways! The critique at the end of the class by my fellow students was also very helpful as all of them were seasoned and gifted artists in their own right. A great two days and I'll be back for more!"

BRIO is the perfect fit for me! I hadn't taken art classes since college - I'm a professional business owner and needed classes on a schedule that worked for me. BRIO gave me all that and MORE!! The instructors are so talented, patient, and encouraging - the other students in class truly support you and your work, which we all need as artists. I've made some great friends by joining BRIO in addition to being able to participate in something that I love and missed so dearly in my life. You deserve to give yourself the gift of BRIO!! Sign up for a class today!

BRIO is a safe haven for renewing my creativity. I believe creative license holds as great importance as a birth certificate but we tend to let the license expire! The warmth of Diane and John, the friendship and tutelage of instructors at BRIO have enriched my life beyond expression. I am promised a positive experience at BRIO no matter the class or the medium and it is always delivered.

BRIO is a class act facility. My experience in the past few years has been so positive not only with the staff but the students as well. Everyone is there to enjoy the moment. I personally, have received the encouragement needed to take me to the next level. I recommend this studio to anyone interested in achieving a heightened awareness in the field of art.

I love fine art myself and am thrilled to have had my daughter learn the basics at BRIO in such a kid-friendly environment. She now tells me about value, texture, mixed media, and her "favorite artist" now is Georgia O'Keefe - it makes my heart smile! Thank you, BRIO!

With years working in oils, pastels and watercolor, instruction at BRIO greatly expanded my use of color, expression, and understanding of composition. BRIO training has also helped me to individualize technique and style. I was also able to have a one-man exhibit!

This class is a necessity for artists! Stepping from the studio into the art marketing arena is a daunting and fearful (terrifying?) move. My hesitation (immobility?) stemmed from a lack of knowledge on how to take that first step. The Art Marketing workshop at BRIO plus the instructor's wisdom and expertise propelled me forward with confidence. Within weeks of finishing the class, I am delighted to have my artwork in a gallery for the first time! I highly recommend this class for all artists to refine and articulate one's thoughts, perceptions, and focus within his/her work.

"My Solarplate Print Workshop was a triple winner. Fantastic instructor, small class of six people, and the price of this quality of workshop at any other fine art school in the valley would have been double or triple. This school is a hidden gem in Scottsdale that has many cutting edge classes, great instructors, and prices that blow away their competition. I highly recommend BRIO Fine Art classes or workshops to anyone at any level in their journey through art."

"My Painting instructor allowed me to take chances and be an individual, and at the same time, she provided excellent instruction, guidance and encouragement."

"The classes that I have taken have opened up my mind, heart and spirit to pursue art that had been suppressed for over 35 years.

The instructors, the lessons and exercises and other students are a delight. Each artist comes to BRIO with their individual set of capabilities and are appreciated for them and afforded an opportunity to express, learn and develop to their hearts content. Thank you for establishing a wonderful environment to grow.
